

MIDDLESEX 1841 CENSUS

This document contains two sections:

- 1 Middlesex Census in Alphabetical Parish order
- 2 Middlesex Census in Piece (actual) order

If your research is in just one area, then it is possible to purchase a single CD at £7.50. See the CD number beside the alphabetical place index.

Sub-sets are also available, or a full county set at a reduced price per CD.

This list is sorted in ALPHABETICAL PARISH ORDER

IMPORTANT NOTE:

Many of the places were known by their parish names rather than what we know today as place names: e.g. Soho is "St Anne Soho", and the township of Elstree is in the parish of Edgeware. Therefore if you do not at first find the *place name* you are looking for, then do a search of this document.

Note: the left hand column is the CD *product* number. Some CD products have 2 CDs (74 products and 86 individual CDs in total)
